**RE:** IRB Review  
**IRB No.:** 049-1718-FULL

**Project:** Differences in Attitudes Towards Euthanasia and Suicidal Ideation Among Health Professionals.

**Date Complete Application Received:** 12/14/2017

**Principle Investigator:** Erica Ascencio  
**Faculty Advisor:** Robert LaChausse

**College/Department:** CHS

**IRB Determination:** Full Review Application Approved – Student research using anonymous survey questionnaires; no minor subjects; potential risks to asking about suicidal ideation appropriately mitigated; no deception utilized; acceptable consent procedures and documentation; acceptable data protection procedures. Data collection may begin.

All future correspondence about this project must include all PIs, Co-PIs, and Faculty Advisors (as relevant) and reference the assigned IRB number.

**Approval is granted for one year from date below. If you would like to continue research activities beyond that date, you are responsible for submitting a Research Renewal Request with enough time for that request to be reviewed and approved prior to the expiration of the project. At the completion of the project, you are to submit a Research Closure Form.**

**Date:** February 13, 2018
